

News Release

Brewster County, Texas

To: Area Media

From: Brewster County Judge's Office

For Immediate Release:

March 31, 2020

In keeping with the commitment from local leadership of being “proactive” vs. “reactive” in our approach to mitigating variables related to the Coronavirus (COVID-19) pandemic, the decision has been arrived at to activate the “shelter in place” directive.

As of the signing and filing of the attached Supplemental Order, there are no confirmed cases of COVID-19 in Brewster County, Texas. Never-the-less, the strategic decision is twofold.

The first prong of the decision is in the spirit of prevention. The enhancement of social distancing, limiting non-essential mobility and travel and prioritizing self-care and overall wellness are all keys to our successful navigation through the COVID-19 journey.

The second prong can be categorized as preemptive preparation. If and when a case is confirmed in Brewster County, the shelter in place will already be in place. This will help expedite the tracking of other individuals whom may have been exposed to the identified patient. This will, in turn, help mitigate the spread of the virus within our community.

The last piece of this process is our community commitment to the task at hand. Each and every one of us have to take responsibility for our actions, choices and behaviors. It is impossible to monitor every square mile of our vast County. As such, all of us have to take the initiative to do our best during these turbulent times. Always keep in mind, “integrity is what happens when no one is looking”.
